Re: Inspection of Tifa Facility in
Millington, New Jersey

Dear Mr. Boehmer:

This confirms that I spoke on May 15, 1985 with Larry Worden,
Division Counsel with National Gypsum, and that he has consented
to the inspection by EPA and New Jersey personnel of the Millington
facility on Tuesday, May 21, 1985.

Sincerely yours,

William K. Sawyer
Assistant Regional Counsel
Waste & Toxic Substances Branch
Office of Regional Counsel
